

Regulations of the Student Competition

1. The aim of the competition, organized by the Krakow Branch of the PTA, is to promote gifted students taking up the issues of acoustic and biomedical engineering.
2. Competition participant may be a student of 1st or 2nd degree studies, participating in the Acoustic and Biomedical Engineering Conference 2021.
3. Competition participant is obliged to publish a reviewed article (from 4 to 8 pages), in the conference materials, the co-author of which will be a supervisor of the project. The article may have more than one co-author. However, a single article only entitles one of the authors to enter the competition.
4. In the submitted article, below the title, please indicate the author participating in the competition (with the footnote "Competition Participant") and the project supervisor (the footnote "Supervisor").
5. Competition participant is obliged to perform a presentation during competition session (10 minutes for the presentation plus 5 minutes for the discussion and questions).
6. Both: the submitted article (50% of the final grade) and the presentation during the competition session (50% of the final grade) are assessed.
7. The jury is proposed by the Organizing Committee of the Conference and its chairman is approved by the Scientific Committee of the Conference. The composition of the Jury is announced at the beginning of the Conference. In the case of changes in the composition of the Jury for reasons beyond the control, the current composition is announced on the day of the competition at the latest.
8. The results of the Competition are announced during the Conference.
9. The list of awarded works will be published on the Conference website.
10. Organizing Committee reserve the right to cancel the competition in the event of a small number of applications.

NOTE: The organizers inform that in the event of high interest in the competition, a maximum of 10 articles will be qualified to appear at the student session. The criteria determining the qualification will be:

- keeping the deadline for submitting the article,
- on basis of substantiv level of project.
